I am sure that you once happen to hear of Twitter, of course if you are not an inhabitant of Amazon or some other country that is far from the modernization. As far as we are the members of the modernized and socialized society, more and more people every day become familiar with the Twitter. Besides, the numbers of those who are actively using it as the means of the business marketing online tool, especially in the sphere of Web Marketing has remarkably increased during the latest years. Admittedly, Twitter is the type of Internet service which gives us the possibility to post people something many times and for maximum about the 100 customers. Amazingly, with the help of Twitter you can make any sort of announcement to all members of your community on different topics either about your feelings or the latest news in your business that has just produced the new merchandise. Undoubtedly, the number of things that you are allowed to accomplish there is much longer. As far as this social networking, meaning Twitter is extremely important for us, it would be great if we learn how to use it efficiently gaining the profit we want. The aim of this article, therefore, is to do show you these combinations that later can be effectively used by you for the development t of your own business.

Tips on utilizing Twitter correctly:

- 1) It is highly recommended to stay consistent. You should definitely pay attention to the others people who have much in common with you concerning your businesses. You can, for instance, compare your similarities and differences. However, you must be sure that this friendly mailing is regular, so that you can make the final conclusions driven from your previous communicational experience with your "Twitter friend".
- 2) In addition, you are allowed to "twitter" only with the business intention. It means that there is no need to provide your followers with personal information and the details from your biography. First of all, you have to demonstrate your professionalism when sharing with them your business ups and downs. Finally, remember that they do not need to be familiar with the latest news from your life like early breakfast or something like this.
- 3) Entertain your "twitters". Usually, you do not pay mush attention to someone's boring and strange stuff, right? Well, you have to make your cooperation interesting and full of "smileys".
- 4) What is more, it is better to share with the people who have the same interests like you have and with the persons that you can learn much from. Believe me it is not just a communication for having fun, but the true lessons of our life that should be kept in mind forever.
