When you join Wealthy Affiliate University the first thing you will notice is that so different from anything else online. It is an entire Internet marketing community is evolving all the time.

First you start with the 8 Week Action Plan. Every week you get a lesson and complete assignments to guide you step by step and give you an in depth internet marketing. There will also complete classes and tutorials in the Learning Center.

The forum is my favorite part of the membership. There you will be able to communicate with other members who will help and support every step of the road. Also included is Site Rubix, web hosting for free, so you soon will be able to learn how to build your own website. There is also a tool called Rapid Writer which a great tool that helps you to easily great create articles and content for your marketing efforts.

One of the latest additions is the Share Zone. This is where members can create their e-books and tutorials for other members. For me this is one of the best parts of the membership and is very important. In case a WA member has problems with a particular aspect of internet marketing, another seasoned affiliate marketer will help that member.

Do you know some other places where you get this generosity and helpfulness? If you decide to join Wealthy Affiliate, one days in the not too distant future, it would be good if you make a tutorial in the Share area to help a fellow member WA. Think how cool would that can be!
