# **There Is Still Income To Be Made From Your First Niche Sites**

Most Income From Least Effortbr /

br /

OK ..so we are all looking for that elusive niche product that produces sales on auto pilot and feeds pot loads of cash into our bank accounts!br /

br /

Stop looking ..it doesn't exist !! .... or does it??br /

br /

I have been selling Private Label Rights products on the internet for over 6 years now. Some profitably and of course some were a waste of time.br /

br /

The same as most internet marketers I find that some niche products have a limited "shelf life" and sales dwindle into unimportance after a period. br /

br /

The niche sales site I made specially for it is just internet junk clogging up a server somewhere. I tend to leave them there just for the back links to my other niche websites in the hope of the odd sales or 2?br /

br /

The majority of my time is taken up researching new niche products, building a niche website and promoting it, so I never have much time to return to my previous niche websites and keep the niche marketing fresh. That's a very bad habit to get into I know!br /

br /

Now this is going to interest you .....but not as much as it embarrasses me!!br /

br /

One of the initial markets I made a niche website for was the Health, Wellbeing Fitness Niche. br /

br /

DO NOT LEAVE THIS ARTICLE !!! ... I know that your initial re-action is " not that old niche again ! "br /

br /

This is the god's honest truth ...br /

br /

..... I make MORE MONEY out of this niche than any other niche I promote ....br /

br /

That surprises me - and embarrasses me - because ...br /

br /

... I do HARDLY ANY WORK on that niche than any other niche website I own!!br /

br /

To add to my humiliation, the original health niche site I published, has not been added to or promoted in almost a year, and it still makes sales of Health, Fitness Wellbeing ebooks often !! ...between 4 18 a month @ \$9.99 ...that's a nice profit.br /

br /

... and it gets even better than that ...br /

br /

.....my health niche ebook reseller web site also promotes membership of the supplier for the Private Label Rights eBooks and I get regular monthly recurring commission which are always well over \$100 p.m.....this equates to almost \$2000 this year alone.br /

br /

Because these commissions are paid right into my PayPal account I hardly ever notice them and bypassed the opportunity to get back to my old health niche site and update it.br /

br /

My membership provides me with 2 new Private Label Rights ebooks every month in the Health Fitness Wellbeing niche, complete with sales letter and web site graphics, so I have WELL OVER 24 plr ebooks to add to my health niche website, because its been almost a year since I last visited the download area.br /

br /

I have just made a determined commitment to myself that I will add the last 12 months Private Label Rightsebooks to my site and totally tidy it up in the next few weeks ...br /

br /

..... after all.. its made me some nice income from ebook sales and monthly commission .....it deserves a treat !!br /

br /

The moral of this post is:br /

br /

Do Not Spend All Of Your Time Looking For New Niches.br /

br /

Remember That There Is Still Life – Profit - In The Old Ones !!br /

br /

Now I was not going to give you the url of my sad old neglected, money making, health niche website ... its untidy and embarrassing... but recently I have begun to tidy it up and slowly started adding the Private Label Rights health ebooks which have built up in my membership area. [www.SelfHealthBooks.com](http://www.SelfHealthBooks.com) NOTE: because they are PLR ebooks I have put myself as the author.br /
