# Website Construction For More Profits

Have you heard the term Website Flipping with regard to producing a profit on the internet?br /

br /

One more phrase which is also used in the same market is Turnkey Website or Turnkey Businessbr /

br /

Essentially it describes a pre-made made website which is offered for sale as a business in a box .. ... ooppss theres another market place term... the website being sold either has a track record of producing an income or can be shown to have an income potential because of the niche features built into it.br /

br /

I would like to say before you read any further - do not dismiss this profitable internet business because you think it requires a lot of previous knowledge or skill .. IT DOESNT!br /

br /

The business model is based around following some very simple concepts to construct a profit making web site, using FREE resources. Then putting it all together in an organized way.br /

br /

What makes the web site flipping business even more interesting is that, as long as the suggested essential construction principles are followed, the website should produce you an income while you are waiting for a buyer. Furthermore if the pre-sale income increases significantly the selling price of this business asset will increase as well.br /

I recently discovered a way of building and selling, or flipping, websites is a very unique way ! You can create a website in a couple of hours with a minimum investment of money, and you can make a profit of \$50 - \$300 or more in a few days!br /

br /

All of the hard work of adding niche content and building in niche profit generating links is taken away from the potential buyer, who instantly owns a ready made profit centre!br /

br /

These websites are monetized, that is to say, they are designed to make a profit from PPC, Pay Per Click ads like Google Adsense, or/and from sales affiliate commissions from places like ClickBank, PayDotCom, Commission Junction, Amazon etc etc.br /

br /

As I said previously web site flipping for profit, is a very reputable and proven concept which works very well as a home based internet business. There are even, very popular, dedicated sites where you can promote and sell the sites you have made for flipping, and I am not talking about eBay either, which is another excellent place to resell them.br /

br /

But what if, without any previous know-how, YOU could include some powerful scripts into the website -:br /

br /

For powerful search engine optimisation.br /

br /

Which automatically add more pages of fresh new content - with commission earning adverts!!br /

br /

Use the power of social marketing website for extra exposure and back links. DIGG, YouTube.br /

br /

Auto add Flickr Photos and YouTube Videos!br /

Even add a complete, commission earning, Amazon eStore based on the website content!!br /

br /

Well ALL of the above is possible and VERY EASILY CREATED using the proven power of a FREE WordPress Blogs!!br /
